

Thinking in English

Answers

Teacher Answer Key

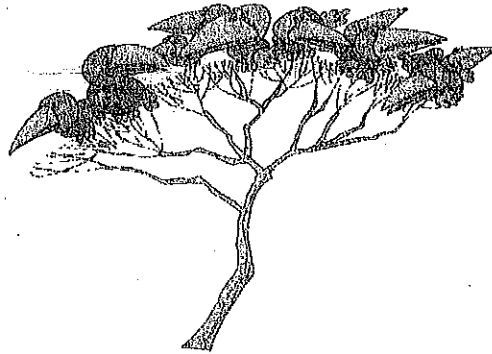

Wolves and Lambs

Correct order:

**e- b- h- f- d- c- a- g**

**Note:** sentences 'b' and 'f' are the same sentence repeated twice in the answer ("One wolf returns to the left bank"). So they could be reversed in the correct ordering of the letters of the sentences.

Taking Aim

**Answer:** None. All the birds that survived have flown away.

Watching Guns

**Answer:** Light travels faster than sound; sound travels faster than bullets; so (b), then (c), then (a).
